

CALL FOR PAPERS

The DoD Environmental Monitoring and Data Quality Workshop is soliciting abstracts for its meeting in Reno, NV on 10-14 May 2004. , Presentations in the following areas are invited:

Project Planning

This session will involve presentations that provide examples and case studies of projects that successfully employed systematic planning and used onsite analysis and dynamic workplans.

Addressing Quality and Performance in Contracting.

Presentations in this session will discuss quality and performance in the procurement and management of contracts for Department of Defense (DoD) laboratory services and prime contractors.

Range Assessment

This session will address current issues and challenges that are faced during sampling and analysis activities being employed in the assessment of military ranges.

Perchlorate

This session will involve discussion of laboratory methods and the current challenges and issues involved with sampling and testing for perchlorate.

Data Management

Presentations in this session will involve the use of electronic tools to aid in the management and assessment of environmental sampling and testing data.

Contaminated Sediments

This session will discuss the issues involved with the sampling and management of contaminated sediments and dredge spoil.

New Requirements for Monitoring

This session will involve the discussion of new monitoring and testing requirements that DoD is facing currently and in the future.

Submission Guidelines

Abstracts will be accepted through 5 March, 2004, and should be submitted by e-mail as Microsoft Word files. Presentations should be planned to be 15-20 minutes in length. Abstracts should be address to Mr. Kevin Coats at Kevin.H.Coats@nwd02.usace.army.mil.

Submissions **must** include the following information in the body of the email or cover sheet:

1. Presentation title
2. Authors with presenter name underlined
3. Primary contact name, phone number, and email address
4. Type of session requested/proposed length

The one-page abstract should be included as an attachment to the e-mail.

PROPOSALS THAT DO NOT CONTAIN ALL OF THE REQUIRED INFORMATION OR

DO NOT FIT ALL THE SPECIFICATIONS, INCLUDING LENGTH, DESCRIBED IN THE INSTRUCTIONS WILL NOT BE CONSIDERED.
